

SH1122Oled::SH1122Oled

```
graph LR; A[SH1122Oled::SH1122Oled] --> B[SH1122Oled::default_init]; B --> C[SH1122Oled::power_off];
```

The diagram illustrates a sequence of three method calls for the SH1122Oled class. It consists of three rectangular boxes arranged horizontally, connected by blue arrows pointing from left to right. The first box, labeled 'SH1122Oled::SH1122Oled', and the second box, labeled 'SH1122Oled::default_init', both have a white background and a thin black border. The third box, labeled 'SH1122Oled::power_off', has a gray background and a thin black border. The blue arrows indicate a sequential flow from the first method to the second, and then to the third.
